

# ARRANGEMENTS ARE ABOUT COMPLETED FOR THE FOURTH

## Celebration Will Be the Grandest Ever Held in the Entire Southern Country.

Already the fireworks, torpedoes, confetti and numerous other devices that go to make up a Fourth of July celebration have arrived in Tonopah, and when the great natal day arrives it will be observed here with proper ceremonies.

The different committees have practically concluded their labors with regard to the long program and things are just about ready to be pulled off as required.

Judge J. A. Sanders has been selected to deliver the oration, while Hon. P. H. Bowler will read the Declaration of Independence. W. T. Cuddy will officiate as grand marshal and will select his own aides. The parade on the morning of the Fourth is bound to be one of the largest ever witnessed and will contain several handsome floats from the different business houses and fraternal organizations.

With the arrival of the sun on the morning of the Fourth the fun will start and there will be no let up until midnight on the fifth. It will be one continual round of pleasure and even those who leave to attend the big fight at Reno will regret having done so for they will miss the time of

their lives. There will be diversion of all kinds, sorts and styles so that every moment will be a happy one and one long to be remembered.

Manhattan and Round Mountain will send in their ball teams in an endeavor to wrest the championship from Tonopah. Both camps have good, strong organizations and have been practicing faithfully so the contest should be equal to one of the big league games.

The Knights tournament will also prove as one of the features and considerable sport should result to both the contestants and spectators. This will take place on Main street and there will be no difficulty in the crowd observing every detail of the tournament. The vaquero contest will be a whizzer while the water fight will portray the activeness of the volunteer fire fighters.

Owing to the committee being unable to secure funds for a drilling match this important feature has been omitted. It is impossible to secure teams for a small purse and as everything will be up to date, it was thought best to forego the contest.

## QUALIFIED TO FILL THE OFFICE OF CONSTABLE

### J. C. PECK ANNOUNCES HIS CANDIDACY ON REPUBLICAN TICKET.

Last evening J. C. Peck announced his candidacy for the nomination of constable for Tonopah township on the republican ticket and is now in the fight for fair. Mr. Peck needs no introduction to the people of Tonopah and is reckoned as one of the strongest candidates in the field. By occupation he is a blacksmith and while he will receive a strong vote from the laboring class, he has a large number of friends among the business men. He is well qualified to fill the constable office and if elected the voters will have no reason to regret having cast their ballots in his favor.

## MUSHETT AFTER NOMINATION FOR CO. TREASURER

### REPUBLICANS WILL HAVE FOR MIDABLE CANDIDATE ON TICKET.

"L. L. Mushett for county treasurer on the republican ticket" is the cry that is now being spread throughout this county. Yesterday Mr. Mushett made his announcement and the news was received with cheers by the local republicans, for he is one of the strongest men in this section of the state and it will be impossible to defeat him.

"Mush" came to Tonopah in 1904 and since that date has been a Nye county booster for fair. On his arrival here he was employed as chief train dispatcher for the Tonopah and Goldfield railroad that was. Next he was appointed postmaster and then he drifted into the mining game and for several years conducted a brokerage business. Naturally he acquired mining interests and today he is known in every camp in this desert country.

One point that adds to his strength is his large number of friends in both political parties, for with the friendship that he has formed in this desert country politics cuts no figure, and everything points to his campaign being a successful one.

## DIVIDEND CAN NOW BE PAID TO STOCKHOLDERS

### INJUNCTION AGAINST ROUND MOUNTAIN MINING COMPANY ARGUED.

The hearing on the injunction proceedings in the case of Davidson versus the Round Mountain Mining company was concluded before Judge Averill of the district court at 11 o'clock last night.

Davidson sought to enjoin the Round Mountain Mining company from paying out a dividend amounting to \$34,500, and declared payable on June 25th; and also petitioned that the mining company be restrained and enjoined, pending final determination of the suit, from disposing or divesting itself of the title to any of its real or personal property, and from paying out any of its cash or other assets excepting sufficient money for the maintenance and operation, in the usual and heretofore customary manner in the actual and necessary expense of maintaining and operating its mining and mill property at Round Mountain.

It developed on the hearing that the Round Mountain Mining company had already conveyed its mill property, water rights, pipes and flumes to a new corporation formed about a month ago and known as the Los Gazabo Milling company, the said conveyance to said last named company being in consideration of all of its capital stock.

At the conclusion of the hearing last night the court issued a temporary injunction restraining the Round Mountain Mining company from disposing of or assigning any of the stock of the Los Gazabo Milling company, the injunction so issued being in all respects as prayed for by Davidson, excepting as to the June 25th dividend which the court held had by its having been declared a dividend been set aside out of the company's general assets and belonged to the stockholders. This injunction as it now stands runs until final determination of the suit, the case being set for trial on August 1.

At the convening of the court this morning W. H. Bryant of Goldfield was entered of record as one of defendant's attorneys, and the Round Mountain Mining company was on the hearing represented by Messrs. W. H. Bryant and R. G. Withers of Goldfield, while the interests of Davidson were contended for by C. H. McIntosh, of the local firm of McIntosh and Cooke.

## Why Send Out of Town for Your Printing

When you can have first-class work done right here, by first-class union printers.

The business man who sends out of town for his printing injures his own business as well as that of others. While on the other hand the man who patronizes home institutions increases the town's pay roll, and thereby builds up his business.

The printers and book binders in the cities of surrounding states do not come here to spend their money.
